Sunderland Maple Syrup Festival

April 3rd - 4th 2004

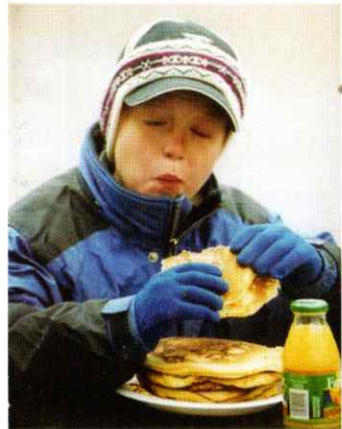

Sunderland Maple Syrup Festival

"Showing the World the Sweet taste of Sunderland"

The Sunderland Maple Syrup Festival is more than just a walk in the bush...

As well as a fun weekend based on the Canadian maple syrup theme, the Festival is a way to raise money for important community causes such as the preservation of the Town Hall, the Sunderland Fire Department's Rescue Vehicle, Sunderland's Skateboard Park and the Beautification of our wonderful town.

Local church and service groups want to invite visitors to "eat your way through town" with the emphasis on pancakes and fresh local maple syrup.

Donated buses and volunteer drivers take visitors to local sugar bushes. Hundreds of people go to see how sap is turned into maple syrup, demonstrations range from the Indian method of maple syrup production using fire pits and logs to state-of-the-art modern techniques.

Local merchants are joined by craftspeople and vendors selling everything from artwork to t-shirts to fudge at the downtown street mall. The public enjoy the Festival of the Arts and Craft Show featuring fine art and quality crafts galore.

The entertainment on the open air stage is rich in variety and quality featuring local bands, dance groups and school choirs.

Each year, hundreds of volunteers enjoy working together making the dream of the Sunderland Maple Syrup Festival a reality. People travel great distances to see what riches the little town of Sunderland has to

offer to join in the fun. To be a part of a small town community, with love and drive and spirit. And we do not disappoint them!

Everyone enjoys the exciting variety of the events put on during the festival weekend, and the organizers have the satisfaction that comes from knowing that their efforts are important and appreciated.

Visit our website for this year's special line-up of attractions and events.
